PURPOSE/BACKGROUND:

Extenet is a wireless telecommunications ("telecom") service provider that wishes to install equipment on streetlight, traffic signal and school flasher poles for purposes of providing telecom service. Extenet has requested that it be granted the same Wireless Use Agreement that the City Council has previously granted to Cheetah Wireless Technologies, Inc. (as amended).

Under the proposed 5-year agreement, Extenet will pay the City \$1,032 per year for each pole that it uses (with annual CPI adjustments), plus 5% of any gross revenues that it receives from providing telecom service. The agreement includes insurance, bonding and indemnification requirements.

RECOMMENDATION:

It is recommended that the City Council approve this Wireless Use Agreement.
